

SVELT.

ultra-slim linear

The creation of Svelt wasn't just about aesthetics; it was about challenging and transforming the status quo of lighting design. Its finesse and revolutionary design are more than eye-catching—they are a bold statement, setting unparalleled standards in aesthetics and energy efficiency. Every detail of Svelt is meticulously crafted, not just to meet expectations but to redefine them, establishing a new benchmark in lighting design. It's not merely a product; it's a testament to our commitment to innovation and design, a beacon signaling the exciting possibilities that lie ahead in the realm of Elite Lighting's solutions.

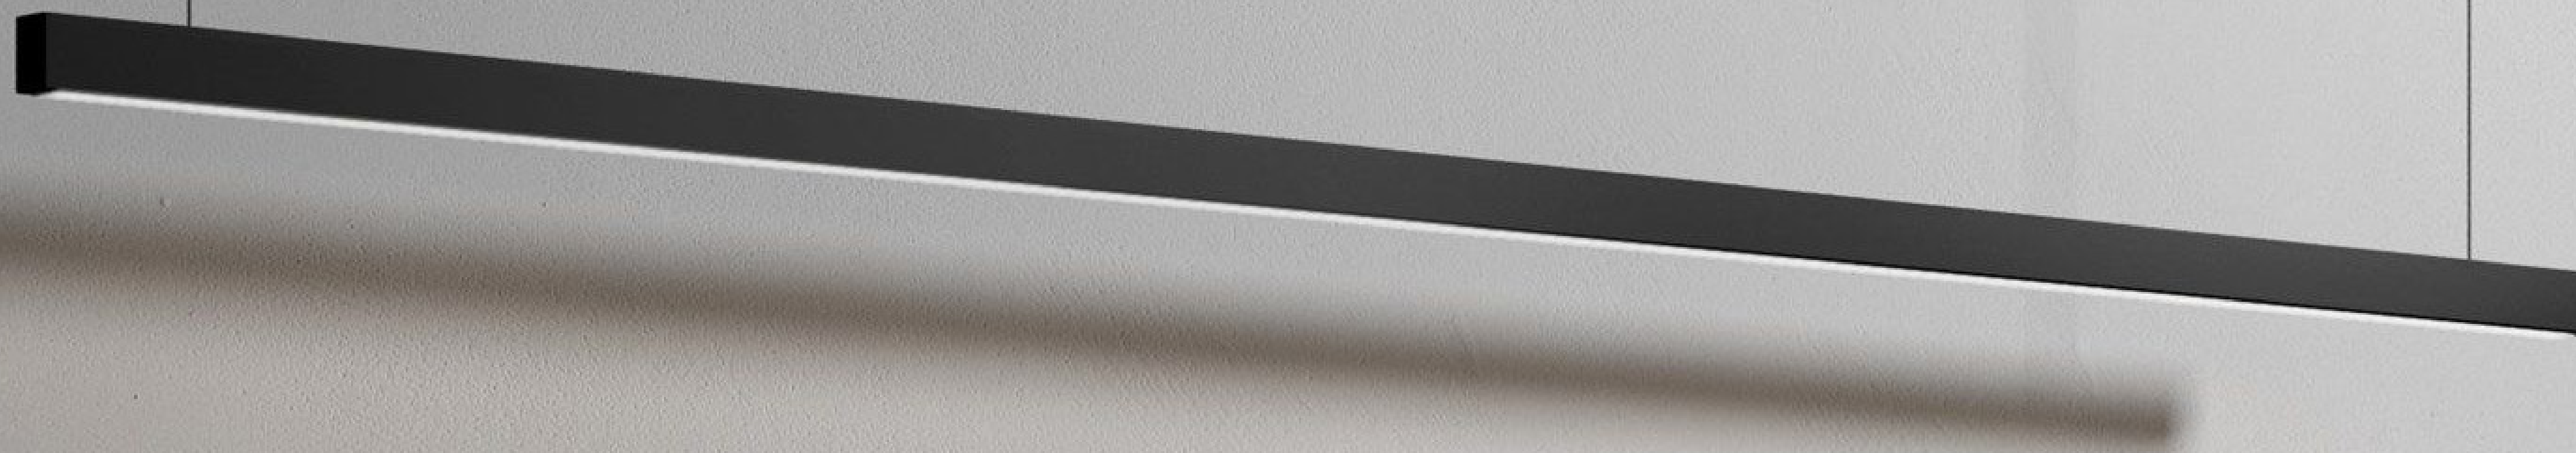

SVELT.

ultra-slim linear

- >> surface, suspended, recessed
- >> up to 725 lumens per foot
- >> 115 lumens per watt
- >> 8 optics
- >> 24v low-voltage system
- >> 0-10v, Triac, DALI, BLE
- >> black, white, silver, RAL

[PROFILES.]

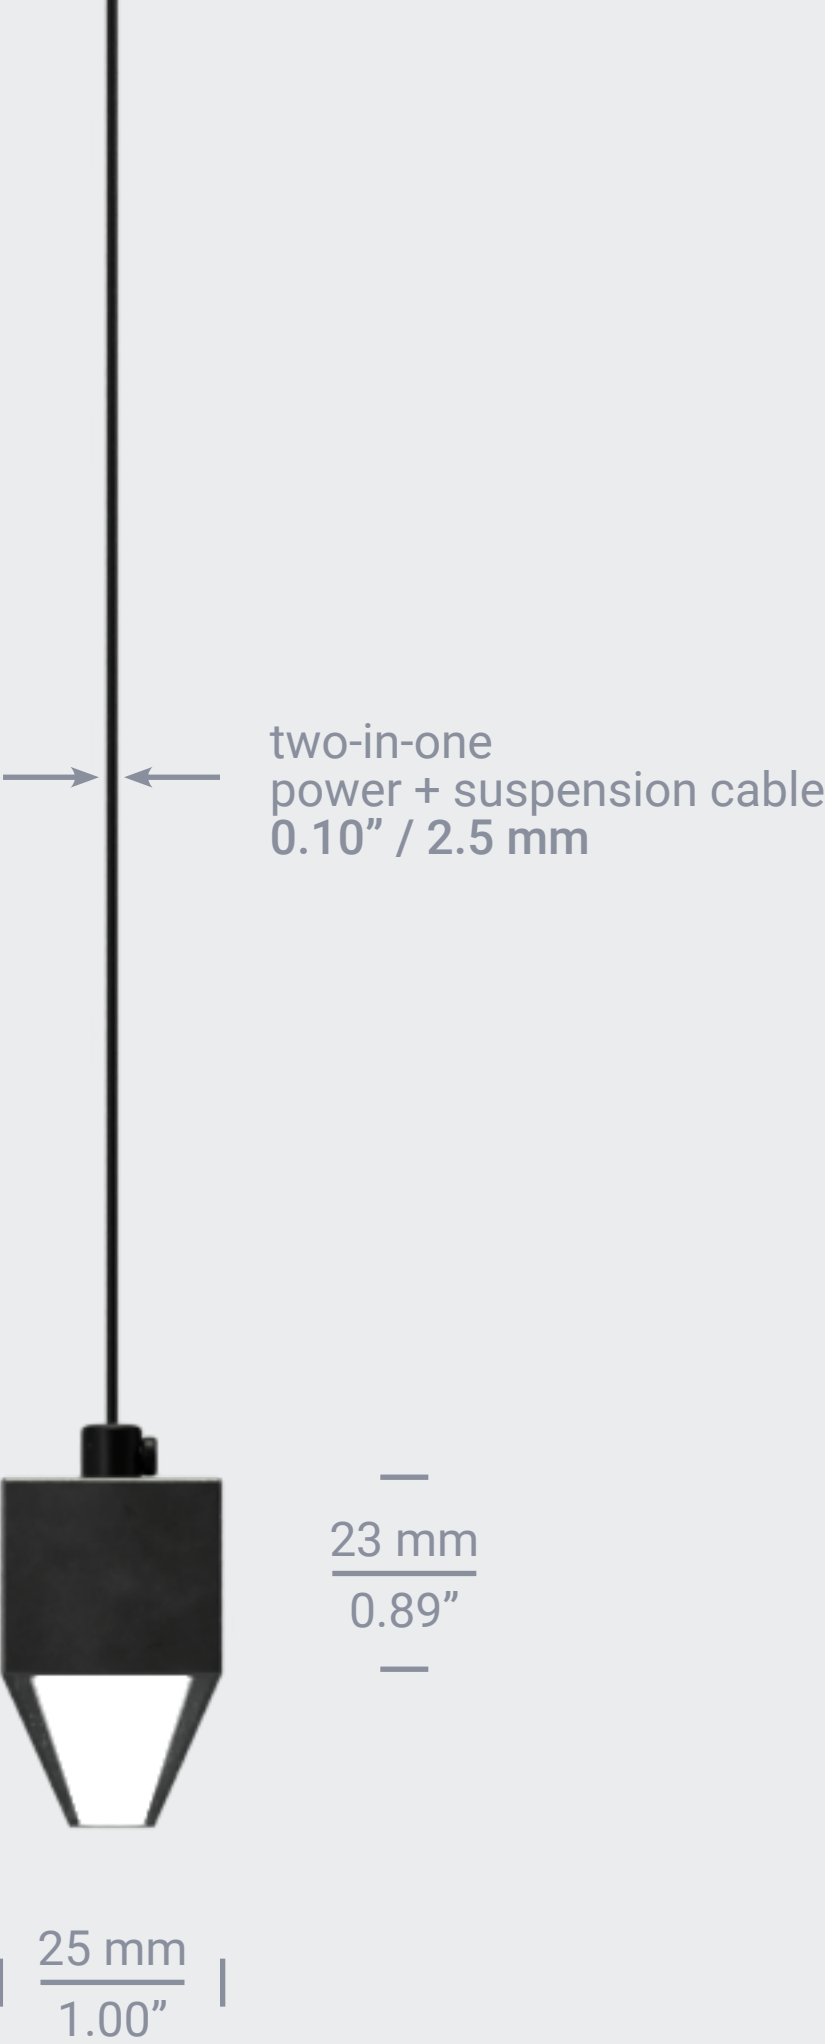

*Svelt is the embodiment of our pursuit to paint luminance and shadow with a brush so fine,
it becomes an unseen yet unforgettable presence...*

SVELT

A modern office interior featuring a large indoor garden wall with lush green plants. The space is illuminated by long, linear lighting fixtures hanging from the ceiling. In the foreground, there are desks with computers and office chairs. The overall atmosphere is bright and airy, with natural light streaming in from large windows on the right side of the image.
